State Disaster Management Authority.

The flood flow is expected to cross eight lakh cusecs on Friday night and, accordingly, authorities have issued an alert in the two districts. The Puli-gadda aqueduct at Avanigadda is overflowing, cutting off the road network in the Diviseema region of Krishna district.

After receding for the last four days, flood in Godavari increased suddenly on Friday, trapping scores of villages in Devipatnam and Polavaram mandals in east and west. With more water flowing from the upstream, the flood level in Godavari was expected to increase, officials said.

There was some respite from the incessant rainfall in Kerala, even as the death toll rose to 111. The sunny weather helped in search operations as more bodies were retrieved from Kavalappara in Malappuram and Puthumala in Mep-padi in Wayanad, the worst hit in the second spell of rains since August 8.

Chief minister Pinarayi Vijayan said 31 persons were still missing and over 1.47 lakh are in 891 camps across the state. According to an IMD bulletin, moderate rainfall with wind speeds reaching 35 to 45 kmph is very likely to occur at one or two places in Malappuram, Idukki, Ernakulam, Thrissur and Palakkad districts.
